

CLIMATE
ACTION
RESERVE

Industrial Gas and Ozone Depleting Substances Project Protocol Scoping Meeting

May 19, 2009
10:00 AM – 4:00 PM EDT
L'Enfant Plaza Hotel, Monet Rooms 1 and 2
Washington, DC

Conference call: 312-878-0222
Access code: 624-995-420

Session 1

Protocol Development Process

10:00 AM – 10:30 AM

- Background on Climate Action Reserve
- Session purpose
- Protocol development process
- Components of a standardized Reserve protocol

Ozone Depleting Substances

10:30 AM – 12:00 PM

- Background
- Project types and opportunities
- Discussion
 - Additionality
 - Project definition
 - Monitoring & verification
 - Existing resources

Lunch (not provided) 12:00 PM – 1:15 PM

Session 2

N₂O at Nitric Acid Plants

1:15 PM – 2:45 PM

- Background
- Project types and opportunities
- Discussion
 - Additionality
 - Project definition
 - Monitoring & verification
 - Existing resources

Discussion of Other Potential Industrial Gases Project Types

2:45 PM – 4:00 PM

- HFCs from commercial refrigeration and foam blowing
- PFCs
- SF₆
- NF₃
