

# Urban Forest Management Project Assessment Areas based on Terrestrial Ecoregions

Terrestrial Ecoregion-based Assessment Areas provided here for illustrative purposes only. Assessment Areas based on Sampled Cities are listed in the Assessment Area Data File. To accurately determine the Assessment Area(s) associated with a Project Area, refer to the Assessment Area Data File and the Assessment Area GIS layer, both available for download from the Urban Forest Protocol page on the Climate Action Reserve website at: <http://www.climateactionreserve.org/how/protocols/urban-forest/>
